Borrowed words from FRENCH

- embassy [em-buh-see]
- sausage [sos-ij]
- theatre [thee-uh-uh]

Most of the French vocabulary now appearing in English was imported over centuries after the Norman Conquest of 1066, when aristocrats started using French daily.

This infographic features a bright orange background with a pattern of darker orange shapes. On the left, a red rectangular frame contains a photograph of the Eiffel Tower in Paris. To the right of this frame is a light blue box with the title 'Borrowed words from FRENCH'. Below the title is a list of three words with their phonetic pronunciations. Further right is a dark blue oval containing a lightbulb icon and a paragraph of text explaining the historical context of French loanwords in English.

117.

SPANISH loan words

- cargo [kar-go]
- breeze [breez]
- hurricane [hur-i-keyn]

You may have met some Spanish words that sound similar in English and some are even spelt the same with tiny differences.

This infographic features a bright orange background with a pattern of darker orange shapes. On the left, a red rectangular frame contains a photograph of a Spanish flag flying from a boat. To the right of this frame is a light blue box with the title 'SPANISH loan words'. Below the title is a list of three words with their phonetic pronunciations. Further right is a dark blue oval containing a lightbulb icon and a paragraph of text explaining that some Spanish words are similar to or identical to English words.
